FORM No. 2.

MYSORE GEOLOGICAL DEPARTMENT.

Fee Rs. 10. No.....

License to quarry Ornamental Stone.

License is hereby granted this the.....day of.....19 to.....hereinafter called the licensee to quarry and remove ornamental stone for a period of one year from the date hereof over the block described in the Schedule hereunder.

The minimum royalty guaranteed by the licensee for the term of the license is Rs. 25 which amount has been deposited with the Government.

The license is subject to the terms and conditions as hereunder.

Director,
Mysore Geological Department.

SCHEDULE A.

District	Taluk	Village

SCHEDULE B.

Name of rock to be quarried.

SCHEDULE C:

Rate of Royalty. *Time of Payment.*

TERMS AND CONDITIONS.

1. This license confers on the licensee the right and liberty to quarry ornamental stone in the licensed area and transport the quarried material, but is subject to any vested interests, and to any rights and liberties which have been granted, or which may be granted at any time during the currency of the license by Government in the said block or in the minerals, stones or rocks therein contained, other than the particular variety of stone for which this license has been issued.

2. Minerals of economic value such as quartz, felspar, etc., collected during quarrying operations shall be stacked separately and handed over to the Director, Mysore Geological Department, free of all charges.

3. All operations shall be conducted in accordance with such regulations as the Government may from time to time prescribe.

4. In the course of operations no occupied or private lands comprised in mining leases or prospecting licenses shall be entered upon or disfigured, except with the sanction, in writing, of the occupant, owner, lessee or licensee thereof.

5. The licensee shall not cut or injure any tree on unoccupied or unreserved land except with the permission, in writing, of the Deputy Commissioner.

6. The licensee shall not without obtaining the sanction, in writing, of the District Forest Officer upon such conditions as that officer may, in his absolute discretion, prescribe, enter upon or exercise any of the rights and liberties under this license in any State Forest or land under special protection.

7. The licensee shall abstain from all interference with the free use of any tanks, water courses, sacred groves, burial grounds or village sites for houses or grazing lands, which may now exist in the said block, and in no way obstruct any road, path or by-way of any kind whatsoever, in the said block and will not do anything which may directly or indirectly injure in any way any occupied lands or villages, houses or other property whether in the said block or adjoining thereto.

8. The licensee shall make and pay reasonable satisfaction and compensation for all injury which may be done by him in exercise of the powers granted by this license and shall indemnify the Government against all claims which may be made by third parties in respect of any such damage or injury.

9. On the termination of the license, the licensee, if necessary, shall fill up or fence excavations he may have made to such extent as the Deputy Commissioner may require.

10. Royalty as specified in Schedule C shall be paid by the licensee on all stones quarried and removed by him from the licensed block.

11. If the total royalty paid by the licensee during the term of the license exceeds the amount of the minimum royalty guaranteed by him, the deposit shall be returned to the licensee upon the termination of the license; on the other hand, if the royalty paid during the term of the license is less than the guaranteed minimum, the deficit shall be made good from the amount deposited as minimum royalty.

12. The licensee shall keep proper accounts of all work carried on, and of the quantity of stones quarried and disposed of, and shall furnish within one month of the end of every quarter to the Director, Mysore Geological Department, a statement showing the quantity of stones quarried and removed by him during the quarter and the places to which they are sent if they are exported outside the State.

13. This license shall not be assigned nor any right or interest thereunder transferred without the consent, in writing, of the Director, Mysore Geological Department.

14. The return of the deposit is subject to the due fulfilment on the part of the licensee of the terms and conditions of the license.

DEVELOPMENT SECRETARIAT

Scheme for the maintenance of hallikar breeding bulls in District Veterinary Hospitals.

READ—

Correspondence ending with letter No. Fl. 130-1730—38-39, dated 13th July 1939, from the Director of Agriculture, submitting, for sanction, a scheme for the maintenance of hallikar breeding bulls in District Veterinary Hospitals.

ORDER No. A. & F. 482-502—A. H. 136-38-6, DATED BANGALORE, THE 16TH AUGUST 1939.

In Government Order No. R. 3852-69—Agri. 143-11-3, dated 28th January 1913, a scheme for the maintenance of a breeding bull in each of the Veterinary hospitals and dispensaries was sanctioned. This scheme was discontinued from the year 1931 as a measure of economy. Since then the need for good breeding bulls

in the Districts was very keenly felt and representations in this respect have also been received from the raiyats. The question of reviving the above scheme was, therefore, under the consideration of Government for some time past. The scheme now submitted by the Director of Agriculture contemplates the maintenance of a good hallikar breeding bull in every District Veterinary hospital with one extra bull in each of the hospitals at Bangalore and Mysore where the number of cattle is large. These bulls are estimated to cost about Rs. 200 each. The feeding charges may amount to about Rs. 25 per mensem, including the pay of a caretaker who will be attached to the hospital. A fee of Re. 1 per service is proposed to be charged and the return on this account is estimated at Rs. 120 per annum per bull.

2. As only a sum of Rs. 3,000 has been provided in the budget for 1939-40 for the scheme, the present proposal of the Director is to purchase five out of the ten bulls in December 1939 and the other five in April 1940. The non-recurring expenditure towards the purchase of these bulls will amount to Rs. 2,000. The remaining sum of Rs. 1,000 is proposed to be utilised towards maintenance charges for the remaining period of the current year.

3. Government are pleased to approve of the above scheme and the proposals made thereunder by the Director, the expenditure of Rs. 3,000 (both non-recurring and recurring) being met from the provision made in the current year's budget in this connection. The entire income realised should be credited to Government.

4. Permission is also accorded to draw the funds required for the purchase of the bulls on abstract contingent bills as and when required.

P. H. KRISHNA RAO,
Secretary to Government,
Development Department.
